

Program A: La. Health Insurance Associations

Program Authorization: R.S. 22:231

Program Description

The Louisiana Health Insurance Association (LHIA), also known as the High Risk Health Insurance Pool, was created during the 1990 Regular Session to establish a mechanism that would insure the availability of health and accident insurance coverage to those citizens of this state who, because of health conditions, cannot secure such coverage. The statute created a board of directors (who serve without compensation) to develop the plan of benefits (described in the statute), accept applications, issue policies and administer claims. The state aid provided through this program, supplemented by participant premiums and investment earnings of the association, enable the association to provide affordable health insurance to those eligible recipients.

Performance Indicator:

Approximate participants - 504
